Finish	Powder Coated Black Aluminum

MT-RAINIER-BL-1-3000-AL-BLK

INSTALLING THE FIXTURE

1. Dig a hole in the ground approximately 4" wide by 12" deep. When working with soft soil, use a rubber mallet to drive the Impaler into the ground.
2. Lay the power cable from the fixture into the threaded hole on the Impaler.
3. Use a level to ensure the top of the Impaler is level with the ground.
4. Screw the fixture into the Impaler.
